At Camelback, we believe the call of the great commission is to extend the love of Christ boldly out into the world. Our church family is one of many that God is using across the globe. We are dedicated to supporting ministries locally and globally that help establish the body of Christ as a global light in a dark world.

We have designated two pastors to oversee our ministry partnerships. Locally, Pastor Julian works to strengthen relationships with ministries that are seeking to proclaim the gospel through word and deed in our city. Globally, Pastor A.C. communicates with missionaries in foreign countries, seeking to support the growth of the local church world wide.

If you would like to know more about our ministry partners or have questions about Camelback Missions, please feel free to contact one of our pastors.
